Miramar
WELLINGTON 6022

Attention: Mr Tam Trang

To Whom It May Concern

I am writing to thank Saigon Decorators Limited and their team, especially you Tam for all your assistance.

I was first aware of this Contracting firm from their interior work undertaken on my brother-in law's inner city apartment, and was sufficiently impressed with the quality of work to ask them to quote for work on our home in Ngaio. My wife and I provided a schedule of works, paint colour and type schedule and specification that involved every room in the house. The work encompassed wall paper stripping of three rooms and plastering work on the walls and the painting of the interior walls joinery and ceilings of our house.

After meeting with Saigon Decorators at our home, I was impressed with their professionalism and understanding of the scope of the works, especially as they had a detailed quotation provided within hours of our meeting.

We were fortunate in that an opening came up in which they were able to start before the scheduled date and were able to complete the work well before the scheduled time.

Saigon Decorators provided impressive amounts of resources at times, so to minimise inconvenience to us, as we were living and working in the house during the entire contract.

The painters were always courteous, hardworking and extremely competent.

We are very happy with the results and the finish of their work and recommend Saigon Decorators for their planning, professionalism and work finish.

Yours sincerely

Stephen Drakeford
